

FOOD TRAILS

Side event at Barcelona 7th MUFPP Global Forum 2021

EU FOOD POLICY STRIKES AGAIN

How EU cities are innovating the way in which they co-design and monitor Food Policies?

Date: 19 October 2021
11.15 – 13.00 CET

CCIB - Centro de Convenciones
Internacional de Barcelona

Intro to the side event

Food Trails is a EU-funded Horizon 2020 project aiming to translate in Europe the Milan Urban Food Policy Pact's collective commitment to integrated urban food policies into measurable and long-term progress towards sustainable food systems. The European Commission has funded 5 Horizon consortia to innovate local food systems, involving 52 cities, on which 21 are part of MUFPP and investing 48 million euro by 2024.

This side event will involve representatives of the 5 projects to share approaches to co-creation of effective food policy' solutions with local actions, to conclude with a round table that will question how this European experience could inspire the entire MUFPP community.

The event will promote the approaches of H2020 urban food projects (FoodSHIFT, FoodE, Cities2030, Food Trails, FUSILLI) to the co-creation of food policy solutions. The aim is to bring the work of EU cities on sustainable urban food systems to the MUFPP community through good practices.

www.foodtrails.milanurbanfoodpolicypact.org

The project has received funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement n. 101000812

Agenda

Introduction to the side event EU Food Policy strikes again

- 11.15 **Andrea Magarini**, Chair of Eurocities Working Group Food
Karen Fabbri, EU Commission, Deputy Head of Unit Bioeconomy & Food Systems
-
